PROFESSIONAL SUMMARY

Results-driven **Full Stack Developer** with 2.5+ years of hands-on experience in end-to-end **application software design and development**, production system **monitoring**, and **root cause analysis**. Proficient in translating complex functional requirements into robust software architectures using **Angular (18/19+, TypeScript, RxJS, Kendo UI)**, **Java 17+, Spring Boot, and Spring Security**. Skilled in **automation testing** (JUnit 5, Testcontainers, Jest, BDD/TDD practices) and **team development** through peer code reviews, Agile ceremonies, and technical mentorship. Experienced in CI/CD pipeline integration (GitLab CI, ArgoCD, Docker) and database management (Oracle DB, PostgreSQL, MS SQL Server).

TECHNICAL COMPETENCIES & CORE SKILLS

Core Capabilities	Design & Development, Root Cause Analysis, Application Software Architecture, Monitoring, Team Development & Mentorship
Frontend Development	Angular (v14–v19+), TypeScript, RxJS, Kendo UI, Jest, HTML5, CSS3, Bootstrap, BDD/TDD
Backend & Microservices	Java 17+, Spring Boot (Latest), Spring Security, WebFlux, RESTful APIs, Apache POI, Spring Batch
Testing & Quality	Automation Testing, JUnit 5, Testcontainers, Jest, Contract Testing, BDD/TDD Practices, Mockito
Databases & Tools	Oracle DB, PostgreSQL, MS SQL Server, PL/SQL, Stored Procedures, OpenAPI / Swagger
DevOps, Cloud & Agile	GitLab CI, ArgoCD, Docker, AWS (EC2, S3), JIRA, Confluence, Agile (Scrum/Kanban)

PROFESSIONAL EXPERIENCE

Cognizant Technology Solutions

Hyderabad, India | Dec 2023 – Present

Full Stack Developer (Associate: Jul 2026 – Present | Programmer Analyst: Dec 2024 – Jul 2026)

- UW Credit Risk Application Modernization | Angular 19, Java 17, Spring Boot, Spring Security, Apache POI, MS SQL Server, PostgreSQL, AWS
- Led end-to-end software **design and development** for credit risk application workflows, translating functional specifications into scalable technical tasks within an **Agile (Scrum/Kanban)** framework.
 - Built modern, high-performance user interfaces in **Angular 19 (TypeScript, RxJS)** and **Kendo UI**, seamlessly connecting with Spring Boot REST microservices secured by **Spring Security**.
 - Implemented comprehensive **automation testing** strategies (unit, integration, and contract testing) using **JUnit 5, Testcontainers, and Jest** under BDD/TDD methodologies to ensure standard code quality.
 - Engineered automated Excel generation and data export services using **Apache POI** to comply with enterprise assessment reporting standards.
 - Performed **root cause analysis** and reverse-engineering on 556+ legacy ASP files, 115 stored procedures, and 130+ SQL tables to guarantee accurate data migration to PostgreSQL/Oracle DB with zero downtime.
 - Monitored application software in production environments, diagnosing and resolving complex runtime incidents to ensure compliance and high system uptime.
 - Documented API contracts (OpenAPI/Swagger) and technical designs in Confluence and JIRA while assisting in **CI/CD deployment automation** using GitLab CI, Docker, and ArgoCD.
- GenAI-Powered Workflow Automation & Data Platform | Python, LangChain, Spring Boot, Angular, Oracle DB, PL/SQL, REST APIs
- Designed and deployed automated reporting and summarization microservices, reducing manual operational effort by 40%.
 - Developed full-stack application software features using Angular UI and robust Oracle PL/SQL stored procedures and triggers.
 - Contributed to **team development** by participating actively in Agile sprint ceremonies, facilitating technical discussions, conducting peer code reviews, and mentoring junior engineers.

Programmer Analyst Trainee / Dec 2023 – Dec 2024

- Completed enterprise application coding training in Angular, Java 17, Spring Boot, and SQL; performed basic production support, automated pipeline checks, and GitLab CI testing.

CERTIFICATIONS

- **Certified in GitHub Copilot Developer** – AI-Assisted Code Companion (2026)
- **Certified in Microsoft 365 Copilot** – Copilot Foundation (2025)
- **Certified Generative AI Associate** – Gen AI Fundamentals (2025)
- **Certified in Prompt Engineering** – Prompt Engineering Foundation (2024)
- **AWS Academy** – Data Analytics Virtual Internship (2022)
